

## FOR IMMEDIATE RELEASE:

### **Webinar: Achieving Success in a Law Firm as a Non-Attorney**

*San Antonio, TX - February 12, 2010* - Jane Gennarelli of Magellan's Law Corporation will present a webinar on "Achieving Success in a Law Firm as a Non-Attorney" on February 19, 2010.

In the past several decades, there's been a sea-change in law firm culture and structure. There are now many opportunities for non-lawyers to achieve career success. However, the law firm environment remains distinct and different from the typical corporate environment, and non-lawyers need to understand how to succeed in that environment.

Jane Gennarelli has worked with hundreds of law firms, with both lawyer and non-lawyer personnel, and she's assisted law firms in structuring staff for critical business operations.

In this webinar, Jane will discuss professional development for non-lawyers in the law firm. Because of the nature of the expected audience, her examples will be drawn from litigation practices, but the concepts are broadly applicable.

This webinar is drawn from a workshop that Jane has presented in a variety of forums.

The webinar is presented by Encore Discovery Solutions and registration is available on the Encore web site.
